POLICY

1. School profile

Doncaster Primary School has a long and rich history dating back to the early 1860s, when the predominantly fruit-growing pioneers of the local rural district were concerned with providing for the educational needs of their children.

Today, the school meets the educational needs of a much more diverse urban area, with its student population drawn from the immediate locale, as well as suburbs further afield. The school is located in central Doncaster, on a large, attractively landscaped site of 2.63 hectares. The spaciousness of the grounds, along with the extensive views to the north of Melbourne, provides the school with a unique aspect in an urban environment. We have 500 students enrolled from years Prep – Six and 35 staff members. Most students that attend our school live locally and tend to walk or ride their bike to school. Doncaster Primary School has developed close ties to the local community, and enjoys support from our local shops and community services.

The children at Doncaster Primary School are representative of a wide range of cultural backgrounds. They provide our whole school community with enormous scope from which to draw many enriching opportunities and values inherent in such a multicultural population.

Our school is culturally diverse with 60% of families having a language background other than English (LOTE), with the largest LOTE groups being Chinese (Mandarin) and Persian.

We strive to provide a nurturing and challenging environment that empowers students to reach their personal best, both academically and socially.

2. School values, philosophy and vision

Doncaster Primary School's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core values of Determination, Pride and Success at every opportunity. Our school's vision is to empower students to reach their personal best, and fully equip them to contribute positively to society as happy, healthy young adults.

The school philosophy is based on the belief that all students, including those on the Program for Students with Disabilities, have the ability to achieve their full potential. There is a very strong focus on the individual development on Literacy and Numeracy Competencies. Programs promote self esteem, individuality and creativity so that the physical, emotional, social and intellectual needs of the students are catered for. Student Welfare and Wellbeing is a priority with a whole school approach to discipline including the School Wide Positive Behaviour Framework (SWPB) which emphasises student physical, emotional and social wellbeing, while supporting anti bullying and student engagement.

Our Statement of Values is available here and the link to our Doncaster Primary School Statement of Values and School Philosophy is below.
